

Pre-School Ministry: Fall 2011/ Spring 2012

9:15- Children's Church:

Our 3 & 4 year olds will be using a curriculum called Gospel Light, which is a Bible story usually told with felt pieces and puppets. There are also different centers that go along with the Bible point of that story, such as the art center, activity page center, and game center.

Our Kindergarten children will be attending Worship Center. They are first in the classroom for an introductory game that has a theme relating to the Bible story. They then move to circle time where they talk about what they will learn. After attending Worship Center, where they hear the story through manipulatives and in a worshipful setting, they will go back to their classroom for a snack and a craft that reinforces the story.

11:00- Sunday School:

Our Preschoolers will be using the Promiseland Curriculum. They will start in their classroom for a quick introduction and activity to the bible story. They then move to the Drama center where they will see a 20-30 minute dramatic presentation of the Bible story. During the presentation they will also do a little singing and dancing. They then return to their rooms for a craft and circle time where they talk about what they learned.
